
For Mr. and Mrs. Felix Montgomery (center) there were fifty gifts in the envelope being presented by the Reverend Fred P. Albright, of Buckingham, making a golden wedding anniversary presentation to the Montgomerys of Camp Hat Creek (near Brookneal). The fifty surprises were fifty new silver dollars, presented by church workers and others. Mr. Montgomery is camp manager for Camp Hat Creek, a Presbyterian camp for members and friends of churches in Appomattox Presbytery plus cooperative camping ventures with Methodist churches in the area. At the far left is the Montgomerys' daughter, Mrs. Buel Parker of Petersburg.

Golden Wedding Anniversary

The groom rode horseback to get the license from Halifax county seat of Halifax county in February, 1922 and on February 23, 1922 Susie Baldwin and Felix Montgomery were married in Millstone Baptist Church, near Volens, Virginia.

Now, fifty years later, home is Camp Hat Creek (near Brookneal) where Mr. Montgomery is camp manager for a Presbyterian camp serving churches of Appomattox Presbytery plus cooperative camping ventures with Methodist churches of the area.

The Montgomerys see that the camp is in tip top shape before each camping group arrives.

Mr. Montgomery says "I've been everything but a preacher, I guess." The Montgomerys farmed near Cody, Va. (Halifax county) for manyyears and from 1936 to 1947 Mr. Montgomery was a professional tobacco curer in Canada.

He worked for the Brookneal Motor Company, For W. L. Austin Trucking and for C. & M. Tractor Company for a composite of many years. From August until December 1969 he helped with the mammoth task of cleaning up mud and debrish at Massies Mill, site of flooding and landslides following heavy rainstorms from Hurricane Camille.

Mrs. Montgomery says she's "not much of a traveler" and much prefers the life of a homemaker.

The Montgomerys have a son Stuart, of Chatham, Va., who has been employed by the Va. Dept. of Highways for the past ten years. Their daughter is Mrs. Inez Parker, of Petersburg, married to a career Army man, Sgt. Buel Parker. The Montgomerys have five grandchildren and four great grandchildren.

The camp committee at Camp Hat Creek and others have expressed appreciation for the hours of work and devotion the Montgomerys are giving to their work at the camp.

A gift from church workers and others was presented Wednesday, Feb. 23, the Montgomerys' anniversary date by Camp Hat Creek, coordinator, the Rev. M. G. Simpson of Brookneal and the Rev. Fred Albright of Buckingham, Va., pastor of Maysville and New Store Presbyterian Churches, inside a bulky envelope were fifty new silver dollars plus one old, 1923 silver dollar, a special gift from Mrs. Daisy Okinger, of Elon. And with the presentation, many congratulations and best wishes from many friends of the Montgomerys.

Social Notes

Mrs. Mary Inge is recovering from an illness at her home here.

* * *

Mrs. George White has returned after spending several months with her son-in-law and daughter, Mr. and Mrs. R. W. Knierien, in Cleveland, Ohio.

* * *

Richard Poe, a student at VPI, spent the week end at his home here.

* * *

Mrs. Helene Harvey had as her guests for several days last week Mrs. E. B. Hunt and Miss Eva Sauders, both of Roanoke.

* * *

Mrs. W. L. Harvey has returned home from Virginia Baptist Hospital where she underwent surgery last week.

* * *

Mrs. Nellie Beale spent the week end with Mrs. C. W. Slayton, of Pamplin. Both Mrs. Beale and Mrs. Slayton attended the Richardson-Davis wedding Saturday night.

* * *

'Hustle' Makes Robinson A 'Vol' Favorite

An article appearing in the "Tennessee Basketball Tip-Off" on Jan. 31 has many complimentary things to say about Larry Robinson, Carver Price High School graduate and now a junior at the University of Tennessee and a star of the "Vols" basketball team.

According to the writeup Larry has "quickly become the 'Peoples' Choice' on the 1971-72 University of Tennessee basketball team."

Larry is the first black ever to play for the Vols and according to the writer of the article has "quickly won friends among the fans with his hustling never-say-die play on the floor."

"Larry has always been the kind of boy that other players respect" says Vol Assistant Marty Morris who also coached Robinson at Ferrum Junior College. "He was just about the most popular man on our campus." (He was captain of the basketball team and president of the student body.)

The sports writer continues, saying, "Some basketball observers regard Robinson as the most complete basketball player on the current Vol squad. He is the team's top rebounder, a constant scoring threat, an excellent defensive man and always in the lead of a hot chase for loose balls."

Through games of Jan. 22 Robinson had speared 117 rebounds. in 12 games for a 9.8 per game average. He was scoring a 12.6 point-per-game clip,

CHARLES D. TORRENCE

Article Features Game Warden

Area Leader Warden Charles D. Torrence, of Appomattox, is featured in the February issue of "Virginia Wildlife", state magazine devoted to outdoor recreation, hunting and conservation.

Text and photos were supplied by F. N. Satterlee, Information officer, for the section entitled, "Know Your Wardens."

The article says, "Charles D. Torrence is an Area Leader Warden, responsible for activities of wardens assigned to Appomattox, Prince Edward, Buckingham, and Charlotte counties in the Patrick Henry District.

Mr. Torrence joined the Game Commission on April 1, 1959, and was assigned to duty in Appomattox County. On November 1, 1966, he was promoted into his present grade. He has always loved the land, nature, and wildlife and came to the commission with extensive experience in farming. To him the job of a warden is very gratifying. This is especially true as he watches young people develop an interest in the out-of-doors and, as they mature, gain an understanding of the natural world around them.

Mr. and Mrs. Torrence, the former Minerva Williams of Lynchburg, Va., live at Rt. 2, Appomattox, Virginia."

New Buildings Approved For YMCA Camp

The YMCA metropolitan board of directors has approved the immediate construction of new buildings and other facilities at Camp Rochichi, the Y camp that serves Virginia. The amount of the approved expenditure, which is being withheld pending the receipt of firm bids from several contractors, will exceed the total construction costs of all existing camp buildings.

The action has been requested by the Camp Rochichi committee. Tremendous increases in registration in the last several years combined with plans for year-round family camping programs were the major reasons given for the expansion of the camp facilities.

The new buildings will be multi-functional. The largest, which has four rooms with two baths, will accommodate 24 girls and will be built near the existing Bruffy Lodge. A duplex bunk house, with self-enclosed bath, will be built near the existing cabin 4 to accomodate 20 additional boys.

An existing 12-room house known as the "Manor" will be renovated for use as a staff residence and administration building. During the off-season it will be available for week end retreats by YMCA, church, scout and civic groups. It will be carpeted, have a lounge with a fireplace, sleeping accommodations for 16 people, and a fully-equipped kitchen. The administrative offices will be equipped with a 2-way radio system for camp YMCA communications. The fireplace and plumbing part of the renovation work will be done by Harold Buchanan. The contract for insulation and storm doors and windows has been awarded to Dirom Insulating Co. of Lynchburg. The remaining part of the work will be under the supervision of R. D. Nash & Sons.

The Lynchburg engineering firm of Wiley & Wilson is presently working on plans for a ski jump for the camp. It will be used only by those campers who have passed the camp's "first class skier" test. The U.S. Army Corps of Engineers, who manage the reservoir on which the camp is located, have been asked to approve the ski jump.

Other facilities to be constructed this spring include a rifle range shelter, night watchman's check stations, mercury vapor "dusk to dawn" lights, and converting the first aid building to a winterized facility for year round use. A new well will be drilled according to new specifications required by the state water control board for simi-public water suppliers. The old well will be kept, however, to be used with a full olympic size swimming pool the camp plans to have by the 1973 camping season.

Council Discusses New Hospital

At the regular monthly meeting of the Central Virginia Health Services Development Council -- the Area wide Health Planning Council -- Mr. Raymond E. Hogan, President, announced the formation of a Committee to determine the feasibility and possible cost of establishing a hospital in Campbell County near Altavista, Virginia.

The study is being initiated as the result of a request from the Campbell County Board of Supervisors. At their regular meeting held on December 6, 1971, the Campbell County Baord of Supervisors discussed a request for consideration of establishing a hospital in Campbell County near Altavista in the near future. The possibility of establishing a brand of either Virginia Baptist Hospital or Lynchburg General-Marshall Lodge Hospital was suggested.

In official action at their December meeting, the Campbell County Board of Supervisors requested the Central Virginia Health Services Development Council to initiate the necessary study to determine the feasibility and possible cost of such a project.

Mr. Hogan stated that the study would be conducted by the Health Services Delivery Systems Committee of the Council, a Standing Advisory Committee.

Mr. Leslie J. Faircloth is Chairman of the Committee. Committee members are: Dr. Donald K. Bruce, Dr. Joseph Callicott, Jr., Mrs. Tyler Fulcher, Mrs. Joyce Garrett, Dr. J. B. Kinlaw, Mrs. Ann Reid, Mr. Floyd Robertson, Jr., and Dr. Donald Stotton. The initial meeting of this Committee was held Wednesday, February 9.
